2 points of Improvement for next time at camp

Nobody's perfect - so we want to give you some positive feedback of areas to improve so next time your a leader you can be an even better leader than you are now.

Please don't think we are having a dig at you personally for these improvement points – think of them as us sharpening your Christian leadership skills. *People learn from one another, just as iron sharpens iron. (Proverbs 27:17)*

Leadership Development Recommendations

<p>An additional action plan/development recommendation for all leaders attending our camps is to gain a First Aid Certificate if given the opportunity. A first aid certificate is an invaluable asset for any camp volunteer to have in their skill set.</p>
